

POLAR SHARKS

RETAIL PARTNER PROGRAM

Stock it on your rhythm.

Dry ice is a phone-ahead purchase. Customers call around, find the one store that has it, and drive. It is also the one product a store cannot stock ahead, because it leaves on its own. That is the part we handle. Grocery, liquor, convenience, marine and tackle, party supply and hardware all sell it.

Supply on your turnover

We set the delivery rhythm around what the store actually moves, weekly or twice weekly, so product does not sit and shrink.

Merchandising and safety material

Shelf material, safety inserts and a storage plan that fits the space you have.

Retail-ready packs

Bilingual English and French packaging, handling marks and where to find the Safety Data Sheet printed on every pack. A safety insert ships in the case.

One local contact

Local answers from the company that makes the product rather than resells it. Pressed and cut in Delta, delivered across the Lower Mainland.

HOW THE PROGRAM RUNS

RETAIL FORMATS	210 × 125 mm slice, wrapped one by one. Smaller 125 × 125 × 25 mm slice for retail packs.
DELIVERY	Weekly or twice weekly, set to your turnover. Order by 10 am for next-day delivery.
FIRST ORDER	Sized to your freezer space and what you expect to move in a week.
PAYMENT	Prepaid for the first three deliveries, then net 15.
CONTAINERS	Insulated containers come back on the next run, on a refundable deposit.
DISPLAY FREEZER	Yours. We spec what fits the space and where it should stand.
PRICING	A wholesale schedule with volume tiers, sent with the partner package.

Ask for the partner package

Write to info@polarsharks.ca or come by the Delta facility. Tell us the store, the space you have and what you expect to move in a week.
